Dealer Comments

This 2016 Dodge Journey is a used sedan that settles in behind the wheel like a trusted companion. Heated features aside, what you notice first are the practical touches: power mirrors that make tight parking easier, steering wheel controls so you can keep focus on the road, and cruise control for long stretches where you just set it and go. Tinted windows add privacy and a tire pressure monitor keeps routine checks simple. Take it for a test drive and see how it fits your day.
